

RE-PRINT!

**FOR THE
KINGDOM OF HEAVEN IS AT HAND!**

REACHING PEOPLE WITH THE GOSPEL THRU PRINTING!

Our ministry in Ukraine needs this booklet maker!

For over ten years we printed Gospel material, distributing it throughout Ukraine, Russia, and Belarus. Our Gospel booklets led countless people to Christ all over Eastern Europe.

In the past, we did everything by hand; sorted, folded, stapled and even trimmed using razor blades! It was time consuming & required a huge amount of personnel.

On March 20th, I will go to Ukraine to get our printing ministry up and going once again. As we enter this new season in our ministry, *it is important to not just “do the mission”, but do it efficiently and effectively.*

That is why our ministry in Ukraine needs this booklet maker!

Completely automatic, it folds & staples up to 1500 booklets an hour!

We need your help! There is opportunity to buy this booklet maker at a discounted price if we act soon. Besides getting a great price we will be able to ship it to Ukraine before our trip on the 20th of March.

Would you prayerfully consider a special offering to help buy this booklet maker? If you decide to help, please send your special offering in the envelope provided and simply mark PRINT in the memo.

We deeply appreciate your prayers and consideration of this special need!

For the Sake of His Kingdom,
Michael Jarrett

Our Gospel books are like seeds: they go where we can't, reach those we've never met, stay longer and can be used over and over again.
